CS Electronics [UK] Ltd Conflict Minerals Trade Act Position Statement. November 2021

We at CS Electronics [UK] Ltd are committed to sourcing components and materials from companies that encourage and share our values regarding human rights, integrity, and environmental responsibilities.

We undertake to:

- ❖ To support the aims and objectives of the US legislation on the supply of 'conflict minerals' (the Dodd-Frank Act of 2010)
- ❖ Not knowingly procure materials that contain metals which originate from sources in the 'Conflict Region' that are not classed/certified as being 'Conflict Free'.
- ❖ To ask our suppliers to that they undertake reasonable due diligence/care with their supply chain to assure that specified metals are being sourced only from:
 - ❖ Mines and smelters outside the 'Conflict Region' or
 - ❖ Mines and smelters that have been certified by an independent third party as being 'conflict free' if sourced within the 'conflict region'

We are working with our supply chain to gather evidence that the materials that are used in our products are 'conflict free'.

If this is not the case, we will take action to move to 'conflict free' products.
